LIFTSYSTEM™

## Practical Recycling System

A high capacity special rotating paper recycling system. LiftSopi is both elegant and practical. Rotates 360° and can be complemented by a sliding LiftSystem rail.

LiftSopi has on one side a spacious waste bin, adjustable with three levels. On the other side a set of 25 pcs plastic bags, which are easy to tear off.

LiftSopi can also be complemented by an extra waste bin.

**LiftSopi with extra waste bin (accessory).**
